INTRODUCTION

Agricultural production management is entering into new era where every day farmer's decisions are supported by Farm Management System (FMS). The system has evolved from simple record keeping date into complex systems that can manipulate large amounts of data and provide decision capabilities. This manual will walk you through the steps of using and managing system. Please contact us at 1technologysolutions.com if you cannot find answers to your questions in this manual.

Role for each module:

	Admin	Manager	Supervisor (by farm)	Director	Tech director	Users (by farm)

ACCESS

System can be access through following link :

<https://fms.1technologysolutions.com/>

A.1 Login

Enter username and password into the log in mask. If you do not have login yet, please continue with register a new membership.

The login form for Farm Management. It features a title 'Farm Management' at the top. Below the title are two input fields: 'Username' with a user icon and 'Password' with a lock icon. A blue 'Sign In' button is positioned below the password field. At the bottom, there are two links: 'I forgot my password' and 'Register a new membership'.

Figure 2 Log in

The registration form for Farm Management. It features a title 'Farm Management' at the top. Below the title is a section titled 'Register a new membership'. This section contains two dropdown menus: '-- Please Select Farm --' and '-- Please Select Role --'. Below these are three input fields: 'Full Name' with a user icon, 'Username' with a user icon, and 'Password' with a lock icon. At the bottom, there is a link 'I already have a membership' and a blue 'Register' button.

Figure 3 Sign up

A.2 Forgot password

Here you can also change your password by clicking on the [I forgot my password](#)
Enter your username into the form like figure below.

A web form titled "Admin" for password recovery. It contains a text input field labeled "Username" with a user icon on the right. Below the field is a blue button labeled "Request new password". At the bottom left, there is a link labeled "Login".

Admin

You forgot your password? Here you can easily retrieve a new password.

Figure 5 Forgot password - new password

When you click on the arrow icon, the dialogue window appears which to inform your password changed successfully.

WORKING WITH FMS

All object in the system is displayed in lists. If you select an object in the navigation section, a list of all data contained in this object will be displayed. In the list view, you can quickly and easily carry out [Action] on one or more object in the list. As a default, the start page of your website after log in is dashboard page.

B.8 Profile

The screenshot shows a 'Profile' section. On the left, there is a circular profile picture placeholder with the text 'admin' below it and a green button labeled 'Change Profile Picture'. On the right, there are two input fields: 'Name' with the value 'admin' and 'Change Password' which is empty. Below the 'Change Password' field is a green 'Save' button.

Figure 48 Profile

Here you can update profile by :

- Update profile picture.
- Update password.

ADDITIONAL

Figure 49 Additional

Here you can :

- Click on  icon to close navigation section.
- *Click on  icon to view new notification.
